

HOW TO AVOID ETHICAL PITFALLS

Mental Health Professionals

Wednesday, March 27, 6:30 pm - 8:00 pm

There is no doubt that navigating the waters of ethical responsibilities in your place of work or practice can seem tricky and sometimes daunting. By being proactive, addressing potential conflicts, and discussing them with colleagues, we can avoid the sticky situations that lead to ethics board hearings, lawsuits, and more. In this training you will review the ethical pitfalls that many mental health professionals encounter and how to avoid them. This CEU event is geared towards Mental Health Professionals.

1.5 CEUs offered for LPC, LMFT, LCSW, and Clinical Psychologist.
